Yes, the planned submission date are (still) OK.
Best regards, Piter

Subject: Information on P. Terpstra Planned Publications

Bristow:

Per our conversation, I am attaching for reference the most recent information from our project tracking database on Piter Terpstra's currently planned manuscripts on reference cigarettes. According to the database, the two planned manuscripts are not anticipated to be submitted until later this year.

By copy of this, I am asking Piter to confirm ASAP if the planned submission dates are still correct.

Let me know if you or Kevin need any other information

Thanks,
Valerie
